

Alternative Energy System Description:

Distributed Generation

(Completed application to be emailed to paaeps@cleanpowermarkets.com)

Distributed Generation FACILITY LOCATION

Street Address _____

City _____ County _____ State _____ Zip _____

EDC Acct # _____

Note: "EDC" is your electric distribution company that supplies your power

Name on Acct: First name _____ Last name _____

Date measure implemented (MM/YY) _____

FACILITY OWNER

First name _____ Last name _____

Company name (if applicable) _____

Street Address _____

City _____ County _____ State _____ Zip _____

Telephone (____) _____ Email address _____

FACILITY CONTACT AT LOCATION (IF DIFFERENT THAN OWNER)

First name _____ Last name _____

Company name (if applicable) _____

Street Address _____

City _____ County _____ State _____ Zip _____

Telephone (____) _____ Email address _____

CONTRACTOR / INSTALLER INFORMATION

Company name _____

Company Street Address _____

City _____ County _____ State _____ Zip _____

Contact Name _____

Telephone (____) _____ Fax number (____) _____

Email address _____

* Attach copy of contract or invoice with application

E. Distributed Generation DESCRIPTION

1. Standard Measures:

Table 1: System Information

<u>Category</u>	<u>Information</u>
Prime Mover Type	
Rated Electric Output (kW)	
Electrical Efficiency (%)	
Thermal Efficiency (%)	
System Efficiency (%)	

Table 2: Expected System Performance

	<u>Energy Input (MMBtu)</u>	<u>Annual Electric Output (kWh)</u>	<u>Useful Thermal Energy (MMBtu)</u>
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			
Totals			

Provide the description and calculations following the Technical Reference Manual found on the Background Information page of the AEPS website (http://paaeps.com/credit/background_information.do)

2. Custom Measures:

Provide description and calculations to justify energy savings claim.
